On The Floor

On the Floor are a great option for live band entertainment at small to mid-sized functions, including private parties and wedding receptions – but have also performed at large open air events to 4000 people. On the Floor call their music “dance floor friendly” – which means that you and your guests will recognize the classic and contemporary hits we perform instantly. More than likely, you’ll spend the whole evening on the dance floor and your friends won’t want the evening to end!

On the Floor's professional musicians are constantly in demand and have recorded and performed with some of the UK's top recording artists. And it's this level of experience and versatility that we'll bring to your event, resulting in a truly superb night's entertainment that your guests will be talking about for years to come.

Example of On The Floor's Repertoire:

Daft Punk Get Lucky
